Minutes

1. **Welcome by the chairman**
2. **Tour de table**
Welcome to our new Commissions member Ingar Danielsen from Norway.
3. **Overview and confirm minutes Poitiers meeting**
4. **Presentation by Serge: Different types of gas cylinders(CNG, LNG, H2)**
Different types of gas cylinders (CNG, LNG, H2)
Discussion about the possibility to shoot or place explosives to release the pressure.
There are different points of view. We need more information about this topic
Tom/Kurt have contacted Air Liquide about the issue. This topic is on the agenda of next meeting.
5. **Presentation by Mikko: Neste Rally Jyväskylä, Finland 2017.**
Overview of the program by Mikko.
See attached presentation. There will be a meeting with FIA, if this can be organized. Kurt, Tom, and Mikko are going to attend this very important meeting!
*Members who like to participate have to let this know **before the end** of 2016 to Kurt, so Mikko can take care of reservations.*
6. **Presentation by Jacub: CTIF Extrication competition: Czech republic 2018**
The colleagues from the Czech Republic like to help us with the organization of a CTIF Extrication Challenge in 2018. We will have our autumn meeting in September to witness their Extrication Challenge 2017 and to learn how we can handle the preparations for such an event.
7. **Presentation by Kurt: Update status ISO work**
Part 4 has been presented through ballot. We have the approval from 13 countries.
Part 2 and 3 are still in developing progress, but slowly coming into the end phase...
8. **Presentation by Michel: Update status Euro Ncap**
There has been a meeting with Euro NCAP in Brussels. We have presented our Commission's 'rating proposal'. The board of Euro NCAP will present this at their annual meeting.
We must promote this and send letters to the representatives. Claire will provide the needed addresses. More news at the next meeting.
