WEDNESDAY – 25TH OF APRIL. RECEPTION CTIF MEMBERS

The meeting takes place at Novotel Luxembourg Kirchberg conference room.

François Chrisnach opens the meeting given the welcome to all in the name of Luxembourg Firefighter Federation.

Tom Van Esbroeck, chairman, presents a new member, Svein Knutsen from Norway.

WEDNESDAY – 25TH OF APRIL. APPROVAL REPORT OF THE LAST COMMISSION

Tom made the presentation of last meeting (Prague) report (minutes) and the agenda to this meeting and booth were approved.

WEDNESDAY – 25TH OF APRIL. COMMISSION MEETING

Tom Van Esbroeck presents the annual report and made the presentation of RetEx of the accident whit a Hybrid Mitsubishi Outlander in Belgium.

Kurt Vollmacher made a presentation about ISO 17480 update and the possibility of new item proposals to ISO.

Serge, Claire and Tore arrived at the hotel after the launch and join to the meeting.

Tom made a explanation about the results or/and the possible results that emerge of the meeting between FIA and the CTIF Commission of Extrication & New Technologies.

- A possible cooperation whit CTIF
- A possible support to the presentation and divulgation of ISO “parts” campaign
- A possible development of a formation & training program.

Kurt talked about a new RetEx in consequence of a accident whit a LNG truck.

Ruediger Knoll presents whit more details the CERS – Critical Extrication Report System

Tom made an intervention to join efforts of JRC, Euro NCAP, FIA CERS together made and support a future ISO data base, and for that assign a task force formed by Kurt, Ruediger, Claire and Michel Gentileau.

Tore Eriksom made a presentation about the new CITF site and some of its services, like for example the automatic translation.

Said in the near future will be present a Swedish manual about Fires in Solar Pannell's installations.

Made a "new" explanation about the Swedish "best practices" and promise for the next meeting a final report.

Claire talks about the possibility of a Commission concerted position/proposal to the color of 48 volts cables (purple, brown or orange-black) and the urgency of that action.

At the final of the meeting Michel Gentileau arrive and join to us.

THURSDAY – 26TH OF APRIL. WRO/CTIF MEETING. BEFORE LUNCH

WRO and CTIF meeting

Presents in the meeting,

- Marc Mamer, President of Luxembourg Firefighter Federation
- Paul Schroeder and Kevin Lennon, from WRO
- And all the members of the Commission

CTIF,

Tore Erikson opens the meeting and made a presentation of CTIF, what we do, how he do. CTIF History, Commissions, Working Groups, activities, site, news activities and general news.

As example of a CTIF Member work, Serge made a presentation about the results of a fire test in LNG garbage truck with 8 gas cylinders.

Tom as a CTIF Commission for Extraction and New Technologies Chairman, made a presentation about "2018 Commission Vision".

Coffee break

WRO,

Paul Schroder spoke during his brief presentation about the necessity of WRO & CTIF be aligned in institutional communication and all Firefighters speak with one voice and a credible way.

Kevin Lennon was made a presentation about WRO history, aims, projects, competitions, etc.

Tom opened and moderate a discussion time.

From that results the following conclusions

- The necessity of the cooperation between the two organizations
- Use the resources of the two organizations to "big & better" activities.
- Constitution of a Task Force with WRO & Commission
- Write an agreement memorandum.

End of the meeting and Lunch time, together.

THURSDAY – 26TH OF APRIL. AFTER LUNCH

The Luxembourg Firefighter Federation organizes a after lunch tour, that consist in a visit to Luxembourg Science Center and assist to a very good and interesting presentation about “Electricity”.

After that we did a visit to the main Luxembourg City Firefighter Headquarters, were we see the operational vehicles and facilities.

At night we were delighted whit a Luxembourg traditional dinner and some gifts offered by the Luxembourg Federation.

FRIDAY – 27TH OF APRIL.

Tom made a WebWex whit Ivana Kruijff

After that Tom explains what will occur in Brussels in November

- The executive Comity meeting
- The Commission for Extrication and New technologies autumn meeting
- CTIF Seminar

Tore talked about the invitation of Volvo LNG Trucks to the Commission be present in an event in Sweden. It would have been decided that it would be Tom, as a Chairman that go.

After that were created 3 working group’s whit the present members to discuss some subjects

- Technical (tertiary Safety) – Claire, Michel Gentileau and Kurt
- Communication – François, Tom, Tore Michel Demuth
- Educational & Training – Antonio, Miko, Sven, Martin and Jakub.

End of the meeting.

NEXT MEETINGS

Autumn 2018: Belgium (Brussels) in first half of November.
